TURNING CHALLENGES INTO OPPORTUNITIES

ABOUT US

The Arya Foundation is a 501(c)(3) tax-exempt non-profit that provides need-based **adaptive equipment** to children with special needs in the Greater St. Louis Region. Founded in 2014, we are 100% volunteer-run and over 90% of individual donations go directly to providing adaptive equipment and services.

However, we have grown to be much more than an organization that provides adaptive equipment. We hold various programs throughout the year to provide additional resources that are impactful for our community.

HOLIDAY ADAPTIVE TOY PROGRAM

The Arya Foundation provides children with special needs an adaptive toy for the holidays! What started out as a simple idea has now grown to providing hundreds of toys annually. It is our way of making sure every child gets a meaningful gift despite their abilities.

DISABILITY AWARENESS CONVENTION

The Arya Foundation annually hosts the Disability Awareness Convention to spread awareness and promote services for people with disabilities. Thousands of people attend our free event to engage with various local organizations.

HOW WE DO IT

The Arya Foundation is able to do what it does through your support! By mentioning us on social media, attending our events, making a donation, referring kids, volunteering, or talking about us, you help us help the community. So thank you for being a part of our journey. Together, we can continue “Turning Challenges into Opportunities.”
